Connecting to Controller

Rotary Control

Turn the dial all the way down, and hold the thermostat button. When the yellow light turns on, turn the dial all the way up. If both the red and yellow lights flash, Bluetooth is on. If the green light flashes, it is off.

LCD 7-Day Timer

Navigate to the clock face and press both arrow together. Use the arrow keys to select P3 and press OK. Use the arrow keys again to select 'b1et' press OK to turn Bluetooth on. Press OK again to return to the home screen.

OLED Display

Press the settings button and scroll across to select the Bluetooth mode. Switch the control to 'ON'. A Bluetooth icon will appear on the home display.

Once Bluetooth is on

Enter the app and select the controller you wish to pair. Once paired the heater display screen below will open.

Using the App
